

Learning Challenge

Year 1

What do Aliens think of life on planet Earth?

Science-

- Explore different materials, such as, metal, wood, plastic and glass.
- Name objects that are made from these materials and what they are used for.
- Describe simple physical properties of everyday materials- make jelly & chocolate crispy cakes for a party.
- Explore which materials would be used for making houses, windows etc.

English-

- Read books from our author of the half term.
- Explore settings.
- Write a story using a beginning, middle and end format.
- Non- fiction- facts about materials.

D & T-

- Using different junk materials to make models in our class 'workshop'.
- Design, make and evaluate underpants for your alien.
- Design, make and evaluate a house for your alien.
